

Please BACKOFF of XM radio. I am a paying customer. I prefer to PAY for XM because I prefer their services more than those I receive on "free" radio. America is based on free enterprise. It is neither fair nor right that lobbyists are trying to push this petition 04-160 through. What is next? The ocean fisherman are going to lobby because shrimp farms are being introduced inland? Are tomato growers going to lobby because of greenhouses? Are we going to enact laws to halt the production of cars and gasoline because a few treehuggers thinks it the right thing to do? Let's get real and hear the voice of the masses instead of the few that have money to throw at a potential problem that they have.

Thank You
